

Parent Permission Form for Bullying Prevention Program

Student Survey

Date: 11/18/2019

Dear Parents/Guardians,

During the 2019-2020 school year, Trinity Preparatory/Weaverville Elementary School will be continuing to use the Olweus Bullying Prevention Program. This is a well-researched program that works to increase student safety by involving everyone on campus, and has been deemed effective by the United States Department of Education. We need to survey our students about the way they are currently experiencing bullying behaviors at school in order to help us to understand how, where, and when these issues are occurring at our school.

This survey is voluntary and only students who have parent permission will be allowed to take the survey and have their voices heard. Students will take the survey in their classrooms in the next few weeks. The survey is completely confidential as no identifying information will be asked for.

The more information we collect through the survey, the better the program will be! If you **DO NOT** wish to have your child participate in the survey, please complete this form and return it to the school. Otherwise we will include your student so that his or her voice can be heard.

Thank you very much for your assistance, and look forward to receiving more information about this exciting program in the near future!

**If you have any questions regarding this program or survey, please contact
